Setting the World Ablaze

This study introduces St. Catherine of Siena, who left such a rich legacy in just 33 short years on earth that she is named a Doctor of the Church. St. Catherine used her feminine genius to address the concerns that God put before her, allowing God's plan to transform her life and the world around her. Her words ring as true today as when she first exhorted fellow Christians to "be who you are called to be and you will set the world ablaze!"
